

# Treaty Settlements Or Deeds Of Settlement That May Have Implications For The Proposed National Policy

- relocated from secondary values / uses to primary values / uses for all catchment areas: "trout habitat", "native fish habitat" and "contact recreation;"
  - add "water quality in the Heretaunga aquifer" as a Primary value / use for the Greater Heretaunga/Ahuriri Catchment Area;
  - add "water quality in the Ruataniwha aquifer" as a Primary value / use for Tukituki Catchment Area.
  - Transfer stock water use to the secondary value / use column
- (n) Amend AERs in Ch 3 to include: "tikanga Maori and the values therein are taken into account when managing freshwater" or words to like meaning and effect.
- (o) Deletion of the Issue LW1A as it lacks provenance due to no submitter having asked for it to be included.
- (p) Separation of land management and water management within the objectives and policies for Plan Change 5.
- (q) Add a new tāngata whenua objective and policy to the proposed plan as below, and make any consequential amendments to other objectives and policies within Plan Change 5: -

## **OBJ LW3**

### **Issue: Tāngata whenua cultural interests in natural resource management**

To recognise and provide for tāngata whenua values and interests in integrated resource management matters associated with fresh water, associated ecosystems, land use and development, and for the coastal environment through: -

- a) ensuring the mana of hapū, whānau and iwi is appropriately acknowledged in all natural resource management matters throughout the region
- b) endorsing Māori spiritual values including Wairuatanga, Mauri and Kaitiakitanga as fundamental values that contribute positively to sustainable resource management outcomes
- c) ensuring further breaches of the Treaty of Waitangi are not created through local government decision-making
- d) acknowledging Māori rights and interests in the management of taonga including wāhi tapu, wāhi taonga, fresh water resources including fresh water bodies of significance to Māori, and coastal waters and resources
- e) providing for appropriate access for tāngata whenua to nohoanga and those resources in d) above for cultural and traditional purposes
